

PN: 99-0141

Description

This CAN Bus Splitter provides a cost effective and space efficient way of connecting multiple devices to the J1939 CAN Bus. This module reduces cost by eliminating Y adapters and extra harnesses typically used to provide additional connections to the bus.

Features

- Reduces bus harnessing
- Reduces actual and production costs
- Reduces bus connections increasing quality & durability
- Eases troubleshooting of harnesses
- Potted for a true IP67 rating
- Operating & storage temp rating -40°C to 125°C
